

"Let's go to various laboratories and talk with doctoral students"

laboratory tour & discussion

Wed, 22 May 2019 14:30-15:30

Novel Materials Hybrid Engineering Laboratory

(Professor Tetsu Yonezawa)

Capacity:5

Research is interesting, but can not decide to go on to doctor course yet?

What kind of lifestyle do the doctoral students take?

Why do not you go to various laboratories of Hokkaido University and look up the actual doctor's student life?

Those who would like to see the style of other laboratories, and doctoral students who want to expand the campus network are welcome!

We prepare tea and confectionery, and seniors in various fields talk about the appeal of research hotly.
