

# Request to Parents

## ★Day Care Room

The reception desk is in front of the day care room. Our childminder will ask you about the physical condition of your kids and take their bags.

## ★What You should bring with your kids

In addition to beverages (water or tea) and snacks, you need to bring their lunch if you cannot take time for their lunch due to your work requirements. You should also bring their diapers and change of clothes they need.

Breast-feeding mothers can use the day care room to feed the babies.

Put all the belongings of each of your kids in one bag.

(Make sure to put their names on all of their belongings.)

Be advised in advance that we affix name stickers to your kids and their belongings.

Parents/children (in principle, anybody at the age of three or older) are required to wear masks.

## ★Before You Leave Home for the Day Care

In case you or your kids have some physical conditions, e.g. temperature of 37.5 degrees Celsius or higher, or are the confirmed/probable patients of any infectious diseases, we cannot take in your kids.

★In case your kids develop sudden fever or other physical condition, we will contact the one listed as the emergency contact.

★In case any of your family members are diagnosed with COVID-19 within two weeks after you use this day care room, contact us immediately.

【Date of Day Care Service: \_\_\_\_\_】

Put a tick mark in each of the boxes below to indicate your agreement, and give to the childminder of the day.

Have not come in contact with anybody diagnosed with COVID-19 or as their close contacts in less than two weeks prior to the day you want to use the day care service.

Checked the temperature of your kids before coming in, and confirmed that they do not have the temperature of 37.5 degrees Celsius or higher nor any respiratory symptoms (fever and other symptoms, hereafter), or it has been over 24 hours after their fever was subsided with no current respiratory symptoms including coughing and strong fatigue (moodiness).

No family member in the same household has the temperature of 37.5 degrees Celsius or higher.

No family member including the kids came back from overseas within two weeks.

In case any of your family members are diagnosed with COVID-19 within two

weeks after you use this day care room, contact us immediately.

The group insurance policy we purchase is for the damage caused by accidents. It does not cover the damage caused by diseases/illness contracted during the service.

I agree with the above
